MINUTES

OF THE

Board of Education

FOR THE

CITY OF TORONTO

1913

Inaugural Meeting

Thursday, January 9th, 1913.

Pursuant to the provisions to the Statutes of the Province of Ontario, the Board of Education for 1913 met for organization at 8 p.m.

1. Secretary-Treasurer Wilkinson took the chair and read the returns from the City Clerk respecting the election of members, showing that the following gentlemen had been elected for the ensuing two years:

Ward No. 1—W. D. Hiltz.
Ward No. 2—W. H. Shaw.
Ward No. 3—C. A. B. Brown.
Ward No. 4—R. D. Fairbairn.
Ward No. 5—A. MacKay (by acclamation).
Ward No. 6—F. J. Conboy.
Ward No. 7—R. R. Hopkins.

2. A communication was read from Mr. F. G. Hall, Assistant Secretary of the Separate School Board, stating that Messrs Wm. Dineen and W. J. Boland had been re-appointed as representatives of that Board on the Board of Education for the year 1913 and 1914.

3. The above-named trustees presented their declarations of office, made before a duly qualified commissioner.

The roll was called, when the following answered to their names: Messrs. Brown, Conboy, Dineen, Ellis, Fairbairn, Hiltz, Hodgson, Hopkins, Jackson, MacKay, McTaggart, Noble, Shaw and Smith.

The election of Chairman was then proceeded with in accordance with the by-laws, the members voting as follows: Mr. Brown for Mr. Hiltz, Dr. Conboy for Mr. Hiltz, Mr. Dineen for Mr. Hiltz, Mr. Ellis for Dr. Noble, Mr. Fairbairn for Mr. Hiltz, Mr. Hodgson for Mr. Hiltz, Dr. Hopkins for Dr. Noble, Mr. Jackson for Mr. Hiltz, Dr. MacKay for Mr. Hiltz, Mr. McTaggart for Mr. Hiltz, Dr. Noble for Mr. Hiltz, Mr. Shaw for Mr. Hiltz and Mr. Smith for Mr. Hiltz.

The result being Mr. Hiltz received eleven votes, Dr. Noble two votes, Mr. Hiltz not voting.

Mr. Hiltz was declared duly elected Chairman for the ensuing year.

Mr. Hiltz, on taking the chair, thanked the members for the honor conferred upon him.

4. A communication was read from Mr. J. M. McIntosh, Secretary of the Toronto branch of the Canadian Manufacturers Association, stating that the executive committee of the branch recommend Mr. Geo. Brigden for reappointment on the Advisory Industrial Committee and Mr. Henry H.

Mason in the place of Mr. R. D. Fairbairn elected a member of the Board of Education.

5. A communication was read from Mr. F. B. Morley, Secretary of the Board of Trade, stating that he had been instructed by the Council of that Board to recommend the following for reappointment on the Advisory Commercial Committee: Messrs. Lockhart Gordon, T. Bradshaw and T. D. Bailey.

The Chairman, in accordance with By-law No. 4, appointed the following committee for the purpose of striking the Standing Committees for the current year, viz., Messrs. Jackson, Noble, Lewis, Smith, McTaggart, Hodgson, Ellis and Dineen.

The Board adjourned for fifteen minutes to give the Special Committee an opportunity to meet.

On the Board resuming, Mr. Hodgson presented the report of the Special Committee appointed to strike the Standing Committees, which was received and is as follows: (See Appendix No. 1.)

The Report was received.

Mr. Brown, seconded by Mr. Jackson, moved that the report be considered without going into Committee of the Whole, which was carried.

The Report was adopted without amendment.

Pursuant to By-law No. 5, the Board adjourned for fifteen minutes for the Standing Committees to elect their several chairmen for the ensuing year.

Upon the Board resuming the Chairman stated that Dr. A. MacKay had been elected Chairman of the Management Committee, Mr. W. O. McTaggart, Chairman of the Property Committee, and Mr. C. A. B. Brown, Chairman of the Finance Committee.

Dr. MacKay, seconded by Mr. Fairbairn, moved that when the Board adjourns this evening it stands adjourned until Thursday, January 23rd inst., which was carried.

At this stage of the proceedings the Chairman called upon Mr. C. A. B. Brown, Chairman of the Committee appointed to select and present a suitable testimonial to Dr. F. J. Conboy, Chairman of the Board for 1912.

Mr. Brown, in complimentary terms to the ex-Chairman, referred to the able manner in which he had discharged the duties required of him as Chairman, and presented him with a cabinet of silver.

Dr. Conboy appropriately replied, and thanked the members of the Board for the honor conferred upon him in presenting him with a testimonial as a mark of their appreciation of his services.

The Board adjourned at 9.25 p.m.

Thursday, January 23rd, 1913.

The Board met at 8 p.m.

The Chairman, W. W. Hiltz, Esq., in the chair.

Present: Messrs. Conboy, Dineen, Ellis, Fairbairn, Hodgson, Hopkins, Jackson, MacKay, McTaggart, Shaw and Smith.

Officials present: Senior Principal of High Schools Embree, Chief Inspector Hughes, Inspectors Chapman, Elliott, Bruce, Rogers and Armstrong; Secretary-Treasurer Wilkinson, Superintendent of Buildings Bishop, Chief Medical Inspector Struthers, Clerk of Supplies Kerr, Drill Instructor Thompson, and Clerk Burns.

The minutes of the previous meeting were confirmed.

PART I.—HIGH SCHOOLS.

Mr. Hodgson presented report No. 1 of the Advisory Commercial Committee, which was received, and is as follows: (See Appendix No. 7.)

The following notices of motion were given:

Mr. McTaggart: That the Finance Committee place an amount in the estimates sufficient to purchase and maintain a motor truck for delivery purposes.

Mr. Smith: That other temporary accommodation be provided for the High School of Commerce and Finance in order that the whole of the King Edward School building may be available for Public School purposes.

Mr. Ellis: That we adopt a revised form of tender to obviate the difficulties in connection with contractors withdrawing from their bids.

On motion, the rules were suspended to admit of the following motions:

Dr. MacKay, seconded by Mr. Shaw, moved that the Legislation Committee be authorized to have the law so amended to admit of the introduction of Medical Inspection in the High Schools.

Dr. Conboy, seconded by Mr. Smith, moved in amendment that the resolution be referred to the Management Committee.

The amendment was carried.

Dr. MacKay, seconded by Mr. Jackson, moved that the

request of the ex-pupils of the Riverdale High School for the use of the school to hold an at home until 12 o'clock p.m., be granted, which was carried.

Mr. Shaw, seconded by Dr. Conboy, moved that a Committee, consisting of Messrs. McTaggart, Jackson, Hopkins, Boland, Brown, Shaw and Conboy, be appointed to revise the By-laws of this Board, which was carried.

Mr. Shaw, seconded by Mr. Hodgson, moved that the Legislation Committee be appointed for the current year, to consist of Messrs. Brown, Conboy, Fairbairn, MacKay and Dineen, which was carried.

Dr. MacKay, at the request and in the absence of Dr. Noble, seconded by Mr. Smith, moved that the following be appointed a Committee to make arrangements for the annual School Games, viz., Messrs. Jackson, Lewis, Smith, MacKay, Hopkins, McTaggart, Dineen and Hodgson, and that the sum of five hundred dollars be placed in the estimates for this purpose, which was carried.

Dr. MacKay, seconded by Mr. Shaw, moved that Part I. of Management Report, No. 1, be considered without going into Committee of the Whole, which was carried. (See Appendix No. 3.)

The report was adopted without amendment.

Mr. McTaggart, seconded by Mr. Hodgson, moved that Part I. of Property Report No. 1 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 4.)

The report was adopted without amendment.

Mr. Shaw, seconded by Dr. Conboy, moved that Part I.

of Finance Report No. 1 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 5.)

The report was adopted without amendment.

Mr. Ellis, seconded by Dr. Hopkins, moved that Advisory Industrial Report No. 1 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 6.)

The report was adopted without amendment.

Mr. Hodgson, seconded by Mr. Smith, moved that Advisory Commercial Report No. 1 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 7.)

The report was adopted without amendment.

The Chairman referred the several communications to the respective Standing Committees.

Enquiry:

Dr. Hopkins enquired: 1st, in what wards are the present members of the Medical Inspection staff, viz., nineteen

doctors and twenty-six nurses, resident? 2nd, is it in the best interests of the schools that each ward should be represented?

The following notices of motion were given:

Mr. Smith: That Ryerson School be enlarged by the addition of six rooms.

Mr. Smith: That Lansdowne School be enlarged by the addition of a kindergarten and four other school rooms.

Mr. Smith: That a small site be purchased in the neighborhood of Borden Street School and that a new building, suitable for a Junior School, be erected thereon.

Mr. Smith: That a school site be purchased and a new building erected in the neighborhood of Hillcrest School, to relieve the overcrowding at this school.

Dr. Conboy: That whereas there are in this city a large number of children who are, on account of different physical defects, unable to attend school, this Board instruct the Management Committee to consider the advisability of making special arrangements for the transportation and instruction of these pupils.

Dr. Conboy: That whereas the vast majority of criminals begin their downward careers as truants and whereas there are in this city a large number of children of school age not now attending school, this Board instruct the Management Committee to thoroughly investigate this matter and make the necessary arrangements to have the number of truants reduced.

Mr. Ellis: That a statement be submitted showing the several amounts of the contracts awarded on Annette Street

School, also the amounts of extras allowed on each contract.

Dr. MacKay, in the absence of and for Dr. Noble, presented the following notice: That two First Book Classes in Winchester street School be organized on the Four Period plan, as outlined below, and that the Superintendent of Buildings be instructed to prepare the club house on the school premises to be used temporarily as a play house for such classes when the weather is too inclement for out-door play.

1. That each day be divided into Four Periods—two forenoon Periods and two afternoon Periods.

2. That each class be divided into four Grades, according to efficiency, having as nearly as possible the same number of pupils in each grade.

3. That each of two classes shall occupy the same classroom during the Alternate Periods, thus—

(a) Teacher No. 1 will alternate teaching and busy work in the class room with the two lowest grades of her class during the first part of the first Period. Then she shall send those she has just taught out to play, and take in the other two grades of her class and alternate teaching and busy work with them until the end of the first Period.

(b) Teacher No. 2 during the whole of the first Period shall supervise and direct the play of her own class and half of the other teacher's class in the school yard, or in the play sheds, or in the play house, according to the weather conditions.

(c) During the second Period, teacher No. 2 will be inside teaching, and teacher No. 1 will be outside supervising the play.

(d) The two afternoon Periods shall be spent in a manner similar to the two forenoon Periods.

4. Play shall consist of two kinds, viz., Yard Play, during which the pupils may be taught singing, marching, drill, calisthenics, physical culture, dancing, walking, running, jumping, and all kinds of athletics suitable for children, and Constructive Play in the sheds and in the play-house, consisting of rudimentary Domestic Science for the girls, and rudimentary Manual Training for the boys.

5. The play-house should contain swimming baths, shower baths and lavatories—all above ground.

By consent the resolution was referred to the Management Committee.

On motion the rules were suspended to admit of the following motions:

Dr. Conboy, seconded by Mr. McTaggart, moved that Messrs. Shaw and Fairbairn be appointed as representatives to the Industrial Schools Board, which was carried.

Mr. Fairbairn, seconded by Mr. Ellis, moved that Messrs. Conboy, MacKay, Brown, Shaw, McTaggart, Ellis and Hodgson, be a committee to act with the inspectors to prepare a complete plan of public school accommodation and sites required, having in view the probable growth of Toronto for the next five years and to base their calculations on the expansion which has taken place during the past seven years, which was carried.

Mr. Shaw, seconded by Dr. Conboy, moved that the Finance Committee be requested to consider the advisability of placing the Commercial Teachers on the Public School staff in a separate Section or Grade with a view of arranging a proper salary schedule for those who qualify for and

engage in this important work, which was carried.

Mr. Shaw, seconded by Mr. Fairbairn, moved that the Secretary be instructed to arrange with the printer employed to provide copies of the reports of committees for use at our regular meetings in neat pamphlet form properly paged, instead of in rough galley form as at present, which was carried.

Mr. Shaw, seconded by Mr. Ellis, moved that a Special Committee consisting of Messrs. McTaggart, Conboy and the mover be appointed to consider the interests of the commercial classes of the public schools and to report on same to the Management Committee, which was carried.

Dr. MacKay, seconded by Mr. Hodgson, moved that Part II of Management Report No. 1 be considered without going into Committee of the Whole, which was carried: (See Appendix No. 3.)

The report was amended by referring sub-sections (b) and (k) of section 8 back for further consideration.

The Board adjourned at 9.15 o'clock p.m.

SPECIAL MEETING.

Friday, July 11th, 1913.

The Board met at 4.30 p.m.

The Chairman, W. W. Hiltz, Esq., in the chair.

Present: Messrs. Dineen, Hodgson, Hopkins, Jackson, Lewis, MacKay, Shaw and Smith.

The Chairman stated that the meeting had been called for the purpose of considering the question of the reduction of the estimates for sites and buildings as requested by the Board of Control and of considering Report No. 13 of the Property Committee.

PART I.—HIGH SCHOOLS.

The report of the Special Committee appointed to confer with the Board of Control in reference to the reduction of the estimates for sites and buildings was received and is as follows: (See Appendix No. 74.)

Mr. Hodgson presented Report No. 13 of the Property Committee, which was received and is as follows: (See Appendix No. 75.)

Dr. MacKay presented Report No. 14 of the Finance Committee, which was received and is as follows: (See Appendix No. 76.)

Mr. Shaw, seconded by Mr. Hodgson, moved that the report of the Special Committee appointed to confer with the Board of Control be considered without going into Committee of the Whole, which was carried: (See Appendix No. 74.)

The report was adopted without amendment.

Mr. Hodgson, seconded by Mr. Smith, moved that Part I of Property Report No. 13 be considered without going into Committee of the Whole, which was carried: (See Appendix No. 75.)

The report was adopted without amendment.

Dr. MacKay, seconded by Mr. Dineen, moved that Part I of Finance Report No. 14 be considered without going into Committee of the Whole, which was carried: (See Appendix No. 76.)

The report was adopted without amendment.

The Board adjourned at 5 p.m.

SPECIAL MEETING.

Wednesday, July 16th, 1913.

The Board met at 5 p.m.

The Chairman, W. W. Hiltz, Esq., in the chair.

Present: Messrs. Brown, Ellis, Fairbairn, Hodgson, Lewis, Jackson, MacKay and Smith.

The Chairman stated that the meeting was called to reconsider the tenders for masonry and fireproof floors for Howard School.

A deputation was present, consisting of Messrs. Doggett and Donovan, representing the Carpenters and Joiners' Union. Mr. Jackson, seconded by Mr. Smith, moved that the deputation be heard, which was carried. The representatives stated that the Board was only paying 42 cents per hour to the carpenters in their employ, while they were in a position to prove that the prevailing rate of wages in the city at present is 45 cents per hour. The Superintendent of Buildings stated that he had sent out circulars to all employers of carpenters whose addresses he could obtain either from the Trades and Labor Council or from the Builders' Exchange, and that the majority of those who answered these circulars showed the prevailing rate to be 42 cents per hour. The representatives from the union agreed to supply the Superintendent of Buildings with a sufficient number of names of carpenters who are receiving 45 cents per hour to prove that the majority of carpenters in the city are receiving 45 cents per hour. The Chairman stated that whatever was proved to be the prevailing rate of

wages the Board would, according to its by-laws, pay that rate, and that the difference, if any, would be allowed to the men from the time that the strike was settled.

PART II.—PUBLIC SCHOOLS.

A statement was submitted of the tenders received for the masonry and the fireproof floors for Howard School. The Chairman of the Property Committee stated that at the time the tenders were opened it was not noticed that Jas. A. Wickett, Ltd., had included the fireproofing in with the masonry, although not called for in the specifications, and that his tender was $65.76 less than the total amount of the separate tenders that were accepted for the work.

Mr. Lewis, seconded by Mr. Brown, moved that the former action of the Board awarding the tender for masonry for Howard School to Orr Bros. for the sum of eleven thousand nine hundred and ninety-four dollars and that for fireproof floors to Robt. Bennett for the sum of one thousand five hundred and sixty-three dollars and seventy-six cents, be rescinded, and that the combined tender for masonry and fireproof floors of Jas. A. Wickett, Ltd., in accordance with plans and specifications prepared in the Superintendent of Buildings' Department, for the sum of thirteen thousand four hundred and ninety-two dollars ($13,492.00) be accepted, which was carried.

The Board adjourned at 5.30 p.m.

SPECIAL MEETING.

Saturday, August 22nd, 1913.

The Board met at 11 a.m.

The Chairman, W. W. Hiltz, Esq., in the chair.

Present: Messrs. Conboy, Dineen, Hodgson, Hopkins, MacKay, McTaggart, Shaw and Smith.

The Chairman stated that the meeting was called to consider the question of providing additional accommodation for Frankland School.

PART II.—PUBLIC SCHOOLS.

Dr. Conboy, seconded by Dr. MacKay, moved that in view of the large increase of pupils in the neighbourhood of Frankland School, the Superintendent of Buildings be instructed to have two rooms fitted up temporarily in the basement of the school, to be used only until the rooms now in course of erection are completed, which was carried.

The Board adjourned at 11.25 a.m.

Thursday, September 4th, 1913.

The Board met at 8 p.m.

The Chairman, W. W. Hiltz, Esq., in the chair.

Mr. Ellis presented Report No. 14 of the Advisory Industrial Committee, which was received and is as follows: (See Appendix No. 80.)

The following notice of motion was given:

Dr. Noble: That this Board hereby appoint a Special Committee to be known as an Educational Progress Committee. It shall be the duty of said committee to report to this Board at the first regular meeting in each month any new methods adopted by any Board of Education throughout the world, also any changes in the curriculum or any matters of special interest in the education of youth, also to make such recommendations from time to time to this Board as they may deem fit.

Dr. MacKay, seconded by Mr. Brown, moved that Part I. of Management Report No. 13 be considered without going into Committee of the Whole, which was carried: (See Appendix No. 77.)

The report was adopted without amendment.

Mr. McTaggart, seconded by Mr. Hodgson, moved that Part I of Property Report No. 14 be considered without going into Committee of the Whole, which was carried: (See Appendix No. 78.)

The report was adopted without amendment.

Mr. Brown, seconded by Mr. Lewis, moved that Part I of Finance Report No. 15 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 79.)

The report was adopted without amendment.

Mr. Ellis, seconded by Dr. Hopkins, moved that Report No. 14 of the Advisory Industrial Committee be considered without going into Committee of the Whole, which was carried. (See Appendix No. 80.)

The report was adopted without amendment.

Officials present: Chief Inspector Cowley, Inspectors Elliott and Rogers, Secretary-Treasurer Wilkinson, Superintendent of Buildings Bishop, Chief Medical Inspector Struthers, Clerk of Supplies Kerr, Drill Instructor Thompson, and Clerk Burns.

The minutes of the previous meeting were confirmed.

PART I.—HIGH SCHOOLS.

The following communications were read:

839. From the City Clerk, forwarding copy of resolution adopted by the City Council requesting the Board of Education to present its estimated for 1914 during the month of January.

840. From Lieutenant Colonel Elliott submitting report of Cadet Inspection at Harbord and Jarvis Collegiate Institutes.

841. From Mr. Geo. P. Crumb, making claim for Twenty-five dollars for set of furs, the property of his daughter, stolen from the cloak-room at Parkdale Collegiate Institute.

842. From Messrs. Hall & Payne, Solicitors, on behalf of Mr. W. E. Davis, making claim for Eight Dollars for coat, the property of his daughter, stolen from the cloak-room at Parkdale Collegiate Institute.

843. From the Secretary of the Public Library of Toronto, in reply to request of the Board of Education that Newspapers be placed in branch libraries, stating that the question had been considered by the Library Board on two previous occasions and that the decision was to place the Newspapers in the Central Library only.

The Chairman referred the several communications to the respective Standing Committees.

Mr. Shaw presented Report No. 21 of the Management Committee, which was received and is as follows: (See Appendix No. 122).

Mr. Hodgson presented Reports Nos. 22 and 23 of the Property Committee, which were received and are as follows: (See Appendices Nos. 123 and 124).

Mr. Brown presented Report No. 23 of the Finance Committee, which was received and is as follows: (See Appendix No. 125).

Dr. Hopkins presented Report No. 22 of the Advisory Industrial Committee, which was received and is as follows: (See Appendix No. 126).

The Secretary-Treasurer presented Report No. 10 of the Technical and High Schools, which was received and is as follows: (See Appendix No. 127).

On motion the rules were suspended to admit of the following motions:

Mr. Brown, seconded by Mr. Shaw, moved that the Members of the Board place on record their regret at the retirement of Trustees A. C. Lewis and W. H. Smith, and also express their appreciation of the services rendered

by them during their terms of office as members of this Board, and that a copy of this resolution be sent to Messrs. Lewis and Smith, which was carried.

Mr. Brown, seconded by Dr. Conboy, moved that the Chairman of the Board and the Chairman of the Finance Committee be authorized to pay any duly certified accounts that may be submitted before the closing of the present school year, which was carried.

Mr. Shaw, seconded by Dr. Conboy, moved that Part I of Management Report No. 21 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 122).

The report was adopted without amendment.

Mr. Hodgson, seconded by Mr. Jackson, moved that Part I of Property Reports Nos. 22 and 23 be considered without going into Committee of the Whole, which was carried. (See Appendices Nos. 123 and 124).

The Reports were adopted without amendment.

Mr. Brown, seconded by Mr. Shaw, moved that Part 1 of Finance Report No. 23 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 125).

The report was adopted without amendment.

Dr. Hopkins, seconded by Mr. Smith, moved that Advisory Industrial Report No. 22 be considered without going into Committee of the Whole, which was carried. (See Appendix No. 126).

PART II.—PUBLIC SCHOOLS.

The following communications were read:

844. From the Assistant Provincial Treasurer enclosing cheque for Seven Hundred and Fifty Dollars for use of Church Street School for training Normal School Students.

845. From Mrs. A. Brock, making claim for damages for accident to her daughter at Church Street School.

846. From Mr. Charles A. Sing, Port Hope, stating that illness would prevent his acceptance of appointment as teacher on the Public School Staff.

847. From Mr. J. R. Wilcox, Chairman of the Fairbanks School Section, York County, stating that their new school being now ready for occupation, they would not require further use of rooms in Hughes School.

848. From Miss E. Robertson, teacher in Fern Avenue School, tendering her resignation and asking that it take effect January 31st, 1914.

849. From Mr. J. H. Joynt, teacher in Victoria Street School, tendering his resignation.

850. From Mr. Geo. R. Robb, teacher in Carlton School, tendering his resignation and asking that it take effect January 31st, 1914.

851. From Mr. W. J. Hendry, Principal of Jesse Ketchum School, applying for leave of absence for three months on account of illness.

852. From Mr. T. A. McWhorter, teacher in Howard School, applying for leave of absence on January 7th, 8th and 13th to write on University Examinations.

853. From Miss Mabel McClung, Toronto, stating that she holds a second-class certificate, applying for appointment on the Public School Staff.

854. From Mr. H. E. Armstrong, Codrington, stating that he holds a first-class certificate, to the same effect.

855. From Mr. S. C. Buck, Belleville, stating that he holds a first-class certificate, to the same effect.

856. From Mr. S. G. Gilliland, Magnetawan, stating that he holds a first-class certificate, to the same effect.

857. From Mr. J. R. Howie, Tavistock, stating that he holds a first-class certificate, to the same effect.

858. From Mr. C. L. T. McKenzie, Orillia, stating that he holds a first-class certificate, to the same effect.

859. From Mr. W. J. Millar, stating that he holds a first-class certificate, to the same effect.

860. From Mr. R. J. Nelands, Toronto, stating that he holds a first-class certificate, to the same effect.

861. From Mr. E. Titus, Sheguinedah, stating that he holds a first-class certificate, to the same effect.

862. From Miss I. Magee, Toronto, applying for appointment as Nurse.

863. From Miss C. MacGregor, thanking the Board for granting her leave of absence for six months.

864. From Mr. John Brennan, thanking the Board for granting him leave of absence to write on University Examinations.

The Chairman referred the several communications to the respective Standing Committees.

The Inspectors' Report No. 10 of the Public Schools was presented and is as follows: (See Appendix No. 128).

Mr. Shaw, seconded by Dr. Conboy, moved that Part II of Management Report No. 21, be considered without going into Committee of the Whole, which was carried. (See Appendix No. 122).

The report was adopted without amendment.

Mr. Hodgson, seconded by Mr. Jackson, moved that Parts II of Property Reports Nos. 22 and 23 be considered without going into Committee of the Whole, which was carried. (See Appendices Nos. 123 and 124).

The reports were adopted without amendment.

Mr. Brown, seconded by Mr. Shaw, moved that Part II of Finance Report No. 23, be considered without going into Committee of the Whole, which was carried. (See Appendix No. 125).

The report was adopted without amendment.

The Board adjourned at 8.45 p.m.

1. Advisory Commercial Committee—Messrs. Cooley, Hardy and Hopkins and Sears, and Messrs. H. R. L. Gordon, T. D. Bailey and T. Bradshaw, representing the commercial interests of the communities.

Respectfully submitted,

W. W. HODGSON,
Chairman of Committee.

Adopted by the Board, January 9th, 1911.

W. W. HEITZ,
Chairman.

(No. 2)

INAUGURAL ADDRESS

OF

W. W. HILTZ, Esq.

CHAIRMAN BOARD OF EDUCATION FOR THE

CITY OF TORONTO

1913

To the Members of the Board of Education:

Gentlemen,—I desire to again thank you for electing me as your Chairman for the year 1913. Knowing this to be the highest honor you have to give, I would be ungrateful, indeed, did I not appreciate your confidence and your good-will. I trust, so long as I may be a member of your Board, I will do nothing to lessen this evidence of good-will and confidence. I feel the position of Chairman of the Board of Education of the City of Toronto to be an honorable one in itself, but doubly so when one is elected to this position by men who are uniformly citizens of the highest type. Any mistakes I may make during the coming year will be those of the head and not of the heart, and I ask your sympathy and co-operation.

MEMORANDUM OF PROPERTY AND EMPLOYEES.

Following the custom of the newly-elected Chairman, I take this opportunity of placing before you, as briefly as possible, a summary of our present position as regards our various properties and employes.

We have now ten Collegiates and High Schools, if we include the High School of Commerce and Finance and the North Toronto High School. The High School of Commerce and Finance has as yet no building of its own, and the High School classes of North Toronto are provided for in the old Town Hall, awaiting the completion of a new school. The value of our High School and

Collegiate buildings, with their sites and playgrounds, might be estimated at $1,325,000. It might be interesting to note that four of our Collegiates have eighteen class rooms or more, the largest, outside of the Technical School, being Oakwood, with twenty rooms.

There are seventy-five Public School buildings having a total accommodation for 1,109 classes. The value of these school, sites, and equipment may be roughly placed at $5,000,000. Eighty-eight temporary class rooms are located in halls, corridors, assembly rooms, churches, dwelling-houses, sheds, basements, and portable buildings. Twelve of our Public Schools have over twenty class rooms, the largest one being Kent, with thirty-one rooms; thirty-two others have twelve rooms or over.

There are 1,624 employes in the pay of the Board. They may be classified as follows:

High School teachers, one hundred and twenty-six, besides thirty-seven doing part time-work in the Technical School.

Public School inspectors, six. Supervisors, eight. Chief Inspector's Office staff, two.

Public School teachers, 1,209, of which eighty are principals, eighty-two are assistant masters, eight hundred and twenty-eight are lady assistants, one hundred and eighty-three are kindergarten teachers, and thirty-six are unclassified.

Medical Inspection Department, forty-eight; of which twenty are doctors, twenty-six are nurses, and two are stenographers.

Superintendent of Buildings Department, one hundred and seventy-five, of which six are officials, sixteen are on the office staff, seven are inspectors, four are district foremen, seventeen are carpenters, eighty-four are caretakers, and forty-one are general workmen.

The Secretary-Treasurer's Department, seven.

The Clerk of Supplies Department, six.

I am sure you will be surprised when I tell you that we have a total enrolment of over 68,000 pupils. They may be distributed approximately as follows:

In our High Schools and Collegiates, 3,800 day pupils and 3,300 night pupils.

In our Public Schools, 50,700 regular pupils and 10,200 in our kindergartens.

During the year just closed we have paid out the sum of $2,280,900, which may be divided approximately as follows:

Salaries paid to teachers	$1,159,200
To officials	57,800
To other employees	206,500
To the Building Department	843,400
To superannuation of teachers	14,000

RETROSPECT.

During the year 1912 two Public School Inspectors were added to our staff. We also added one hundred and fifty-six teachers and retired twelve. An architect, a sanitary engineer, and thirty-two other employees were added to the staff of the Building Department; and ten doctors and six nurses to our Medical Inspection Department. We began six new schools, purchased four new sites, as well as fourteen additions to former sites.

During the past year a plan of superannuation was adopted. As a superannuation plan is one with which the Board and teachers have struggled for years, it is gratifying to know that the Board and the majority of the teachers heartily endorse the plan. In the past worn-out teachers remained at their work because they had no other means to live upon; now they may retire, and on a pension that does not taint of charity, because the fund is, for the most part, made up by assessment upon the teachers.

An experiment was made during the year with an open-air class. This proved satisfactory indeed, and its success should warrant an extension of the work.

For the first time, night classes have been established in our Collegiates and in our High School of Commerce and Finance. Our High School of Commerce and Finance has an enrolment of six hundred and fifty-six, including the branch at Queen Alexandra School. In the academic work, classes are held in Harbord and

Jarvis Collegiate, respectively, and these have an aggregate enrolment of two hundred and fifty-five. This step on the part of the Board has proven popular, and many of the pupils have shown such an enthusiasm and earnestness in their work that the most sceptical ought to be convinced that the Board did a wise thing in opening these classes.

On the 15th of December last, North Toronto became a part of Toronto, and additional work was added to the already struggling Board of Education. In looking over the schools of North Toronto, we found that many improvements were required to bring the schools and accommodation up to the standard set by our city schools, and as soon as funds can be provided the condition of affairs in this new part of our city should be attended to. In some instances we ought to add to the sites, several of the buildings should be enlarged or new buildings erected in their places. Kindergarten rooms should be provided, medical inspection should be begun, and sanitary conveniences installed as soon as a proper system of drainage has been put in by the city. Already the temporary accommodation of the High School has been improved, and the principal and the students are delighted with what has been done.

COURSE OF STUDY.

Early in the year 1910 Trustee Dr. Conboy introduced the following motion, which was carried by the Board, viz.: "That the Management Committee be instructed to revise the curriculum in all grades of our Public Schools." In his inaugural address of a year ago Dr. Conboy said that a committee of the then four inspectors and a number of our Public School principals were preparing a new course of study. On the 17th of October last, because of some misunderstanding between the principals and inspectors, a meeting of the Management Committee was called, and those interested were present. It was there explained by several of the inspectors that as they were desirous of making better progress with the course of study they decided to complete the work without further aid from the principals. At this meeting it was agreed that the principals should continue their relation with the inspectors in an advisory capacity. This seems to have put an end to our new course of study, and it is to be regretted

that the wish of the Management Committee has not been carried into effect.

THE TEACHING STAFF.

I believe the majority of our teachers to be exceptionally good. Many of the truest and noblest men and women of the city are to be found on our present staff. One of the most gratifying characteristics of our teachers is their high moral character. Most of them love their work, are capable, and are conscientious in the performance of their duty. Great care should be given in selecting teachers who offer their services to the Board of Education. Particularly should this be done in making permanent appointments. Misfits creep into the teaching profession as into any other. A teacher once permanently appointed is practically a fixture, and if an indifferent one, is more apt to be so than is one of the best.

The difficulty of securing male teachers seems to continue. Several causes may account for this. Fewer men are going into the teaching profession, as other callings are financially more attractive: the West has an allurement for the young men, and in Toronto efficiency and ability have not counted as strongly as they ought to have counted when appointments to principalships were made. We have tried to overcome the salary part of it—perhaps we may have to try again—and we have adopted the plan of promotion where merit counts most. In my estimation, the capable principal is the key to efficiency, and I am convinced that merit as the desideratum, and not seniority, when making the selection, is the key to the capable principal.

You will, doubtless, have observed that requests for increase of salaries has begun to come in on every hand. Without venturing far on dangerous ground, I believe the minimum salaries of the lady teachers of our schools should be increased, and that very materially. There is too great a difference between the minimum and the maximum salaries. It would be much better if a salary schedule could be arranged to be undisturbed for at least five years, but I suppose this is scarcely possible when conditions change so much from year to year.

MEDICAL INSPECTION.

Our Medical Inspection Department was materially increased last year, particularly, in the number of doctors. We have now nineteen doctors and twenty-six nurses, besides two stenographers, on our Medical Inspection Department. This year we ought to add three doctors and twelve nurses to this Department. This will practically put the work on the basis originally planned, with one doctor and two nurses for each district. Under Dr. Struthers and Miss Rogers, the Medical Inspection Department has made rapid strides in popularity, and has proven a blessing to our parents, to our children, and to our teachers. Toronto is setting the pace for other Canadian cities in the medical inspection of schools, and already many of them are looking to Toronto for advice and help in organizing a similar system.

SCHOOL SITES.

One of the biggest problems, if not the biggest problem, for your consideration for the present year, is that of school sites. I have been pleased with the expression of opinions of late from several members of the Board, inasmuch as their view in this matter harmonize with my own. In talking over the matter briefly with the Superintendent of Buildings as to probable requirements for the future in the matter of school sites, we agreed that if Toronto grows during the next five years, as it has grown during the last five years, there will be needed at least: thirty sites for Public Schools, one Academic, one branch Technical, and one branch High School of Commerce and Finance, in each of the eastern, northern, and western sections of the city. This makes a grand total of thirty-nine, and one does not need to be a prophet to come to the same conclusion as Mr. Bishop and I have come to, if the matter is considered in its true light. I would urgently advise that an amount be placed in the estimates for sites required for this year and for next. It might be wise to have a by-law submitted by Council at the next municipal election asking that a sufficient amount be voted to the securing of sites likely to be needed during the succeeding three or more years. This is a matter that means thousands of dollars to the citizens, and should have more than a passing thought. I have in mind a site that must be bought as soon as possible, and yet its market value is easily

double what it was two years ago. Would it not be well to have a special committee appointed to bring in a report dealing with this question?

THE TECHNICAL HIGH SCHOOL.

We were exceedingly fortunate in having secured Dr. MacKay as head of our Technical School. He is a man, not only of superior qualifications, but one who is intensely interested in the work. At present there are six hundred and twenty-five day pupils enrolled and 2,425 night pupils; 2,100 of these are at the central school and three hundred and twenty-five are at the branch schools, Humberside and Riverdale. I would strongly advise the early completion of the new Technical High School. Up to the present, matters have been progressing slowly, but along right lines. Judging by the tenders received for the erection of the new building, we have doubtless received a surprise in the matter of cost. To carry out the present plan, even after some curtailing, the site and building will cost perhaps $1,500,000. Granted that such is the case, let us compare the value with our other High Schools. Leaving out the present Technical School, the High School of Commerce and Finance, and the North Toronto High School, which schools may be considered as having no sites or buildings, we have seven High Schools, having an accommodation of one hundred and eleven class rooms. The Superintendent of Buildings places the value of these at $890,000, which is $8,000 for every class room. On the same basis one hundred and fifty rooms—the number provided for in our Technical School plans—would be valued at $1,200,000. When we consider that many of these class rooms are old-fashioned and in bad repair, while those of the new Technical School are to be large and modern, with its numerous halls, cloak rooms, and store rooms, that it is expected to have the most modern heating and ventilating systems, to have elevators, to have a complete system of lighting, etc., does $1,500,000, after all, seem an unwarranted amount? The unexpected cost may be explained as follows:

1. The first estimate was too low.
2. The cost of material and labor has greatly increased during the last two years.

3. Work is so very plentiful that, presumably, contractors take good care not to estimate too low.

To reduce the cost very materially will mean the preparing of new plans, which will mean, not only delay, but less accommodation. We cannot afford to delay; we cannot afford to do without the accommodation. To my mind this new Technical School will be the most popular institution for secondary education to be found in the Dominion of Canada, and, large as it may be, it will not be too large for our requirements even at the time of completion, and it will be but a few years before we will require an east, a west, and a north branch Technical School.

Up to the age of fourteen, the education of the child should be largely academic, but henceforth the graduation from the Public Schools will be the parting of the ways. At least twice as many will choose industrial education as will choose so-called academic education, and in this young country of unbounded resources awaiting development such ought to be the case. In the past many a boy who has been unsuited for, or disinclined towards, education as education was formerly considered, has been permitted to grope in the dark for light, who was without definite aim, who was like a barque at sea without compass or rudder, tossed hither and thither by the four winds of heaven. In our Industrial Schools many a boy is more likely to find himself and prepare himself for what nature intended him, and thereby become an asset to his country, besides making his lifework more congenial and remunerative.

I wish to reiterate what was said in the Inaugural Address of last year's Chairman, viz.: "That Industrial and Technical Education is receiving much attention in progressive countries to-day, and Toronto, perhaps the greatest industrial centre in Canada, should take the foremost place in this line of educational work."

HIGH SCHOOL OF COMMERCE AND FINANCE.

There seems to be some doubt as to the likelihood of securing the Cartwright Property as a site for our new High School of Commerce and Finance. If because of this there is to be delay, I commend to your consideration the advisability of looking else-

where immediately for another site. The space now used in the King Edward School is badly needed for Public School work, and the work of this High School is too important to be dwarfed and carried on where there is no further room for expansion.

BOARD OF EDUCATION BUILDING.

The City Council has frequently intimated that they need the space now used by us in the City Hall, and have suggested that we look elsewhere for accommodation. Our annual rental is $16,000 and the accommodation received is neither suitable nor sufficient. The Board might consider the advisability of erecting a "Board of Education Building." The sum now paid as rental for our present accommodation would capitalize property to the value of nearly $400,000. Half of this amount should provide a splendid building, with superior and more ample accommodation than we now have—and upon a good site. The Board might do worse than erect such a building on the College Street site, the present location of our Technical School. The rear of the grounds would supplement very nicely the playground of the McCaul School.

OUR ESTIMATES.

Seemingly we have been unable to answer to the demands of the Building Department, more particularly to the expansion of our work, chiefly because we have been confronted with three problems.

1. The keeping up of our present properties as to maintenance and to repair.
2. The annexation of new districts.
3. The surprisingly rapid growth of our city.

We have apparently been unable to cope with the situation, largely because of lack of necessary funds with which to do the financing. This may be accounted for partly by the timidity of the Board in asking for sufficient money, i.e., in placing the estimates too low, and partly by the attitude of the Board of Control and City Council towards the Board of Education. Last year's estimates passed Council late in November, or six weeks before the end of the year. I would strongly advise that when this year's

estimates are prepared we keep in view the needs of the city and not the pleasure of the Board of Control and City Council. The money by-laws submitted to the people at the recent election carried, and on an average of over three to one. Our citizns are in a progressive mood, and if a by-law were submitted to the people asking for the requisite amount to get our schools and equipment into proper shape, I have no doubt as to the result. As some indication of the amount of work and expense which has confronted the Board of Education during the last three years because of annexation, not including North Toronto, by the City Council, it might be well to apprise you of this information. These districts when annexed had sixteen schools, with a total of one hundred and two class rooms. Nine of these sixteen have been enlarged and one replaced, making a total of seventy-seven additional class rooms. Seven new buildings have been erected, or are under course of erection, and these will contain one hundred and thirty-two rooms. This, as you see, will make a total of two hundred and nine rooms added by the Board to these annexed districts, which now have more than three times the original number. The total sum expended on these sites and enlargements has been $1,436,671. We have $310,000 of a further appropriation to be expended on buildings in those districts; $37,500 has been expended on repairs and minor improvements. Thus, a total of over $1,750,000 was required to be raised in three years for these annexed districts. Is it any wonder that the Board of Education requires a large amount of money to do its work.

MANUAL TRAINING AND DOMESTIC SCIENCE.

I believe there should be a Manual Training and Domestic Science plant in connection with every large Public School. At present too much time is lost by pupils in going to and from distant schools. In large schools the full time of the respective teachers would be employed were Third Book classes included. I have sometimes thought it would be advisable to have these class rooms in a separate building adjoining the school. This would save intrusion, interruption, and frequently disorder in the main building. I believe also that there are big boys and big girls in the First and Second Book classes who, because of some sub-normal trait, could be greatly benefited by this special class. These are simply

backward children who perhaps would show an equal aptitude towards Manual Training and Domestic Science work as do the others. Their faculties are stimulated, their interest aroused, and they would also feel that with their hands at least they are on a par, or nearly so, with their classmates. It might be well also to have the Manual Training correlated to school work and the surrounding industries. I desire also to remind you that the Ontario Government pays a large grant towards the salaries of special teachers and for equipment.

HALF-DAY SYSTEM.

The half-day system in the Primary class will, no doubt, receive much of your attention during the year. This system, as I understand it, is to give one half-day for study and one half-day for organized play. If this system is introduced the lack of accommodation would be relieved. I would very much like to see the age-limit of entering school raised to seven years. Fewer teachers would be required, less accommodation would be required, and the child would be as far advanced educationally when the age of fourteen is reached.

THE TRUANCY ACT.

My attention has been called to the fact that many of the children of poor families are not attending school, particularly among those families lately arrived from the Old Land. From observation and inquiry, I believe this to be more prevalent than is generally recognized, and I firmly believe we have hundreds of children in the city of Toronto whose education is neglected, and through no fault of their own, and yet we express much concern as to the education of our mentally defectives. I would suggest that the subject of school attendance receive more attention this year. This important branch of our school system is under our Police Department, and without desiring to reflect upon the officials who now administer the law, it seems to me the time has come when the "Truancy Act" should be taken under our own direction and control. We should see to it that every child receives the benefits of an education, knowing that much evil has its origin in ignorance. This is work in which women could be employed to advantage.

SUPERVISORS.

A sub-committee has already been appointed by the Management Committee to go into the matter of supervisors. This committee should bring in a report at the earliest opportunity. It does seem inadequate that one person be asked to supervise the work of 1,000 teachers and 50,000 children. If the work is necessary work, it ought to be properly done. Five 15-minute visits in two years does not seem enough, and yet this is the time one supervisor has said he can give each individual class.

MENTAL DEFECTIVES.

It is to be hoped that some arrangements will be arrived at during the coming session of the Legislature respecting mentally defective children. I cannot believe that it is our duty to have the charge of these. It should be the concern of the parent and the municipality.. It has been suggested that the Provincial Government erect institutions throughout the Province and charge the cost up to the various municipalities, which will also be expected to take charge of their maintenance. If this is not disposed of at the coming session, we should urge the City Council to take the matter in hand at once. I do not wish it understood that the backward child is classed as a mentally defective. Many children develop slowly, some are sub-normal, but are not mentally defective, some are behind in one or more branches of school work, but are quite up to the average in other branches. For every twenty or twenty-five classes throughout the city, I believe there are enough backward children to form a class. One class has already been formed in Queen Alexandra School, and if this proves as beneficial as many of us expect it will prove, enough classes ought to be formed to meet the city's requirements in this connection.

DIRECTOR OF EDUCATION.

I would strongly urge that steps be again taken to procure the necessary consent of the Department for the appointment of a "Director of Education." Last year a big effort was made by the majority of the Board to bring about this appointment. The Minister of Education appeared to be in sympathy with the plan, but, to our disappointment, asked that the matter be left over until

the next meeting of the Legislature. Dr. Hughes, who had resigned, kindly consented to remain as Chief Inspector for another year. As the months go by, I am more firmly convinced that a "Director of Education" would be in the educational interests of the city. The multiplicity of branches of educational work continues to increase. It is only to be expected that the head of each department should emphasize the importance of his part of educational work, and it is left for the Board to decide the proper proportion and relation between the departments. The members have neither the time nor the expert knowledge necessary in order to adjust and relate the work. We need a man of strong personality, one who has tact, one with strong executive ability, as well as one of high academic standing, and who has had a varied experience in educational life. Such a man ought to be secured, such a man can be secured, and salary should be a secondary consideration.

CONCLUSION.

In conclusion, gentlemen, let us convince ourselves of the task that presents itself for the year 1913. We can only accomplish big things by a united front. "United, we stand; divided, we fall." Let us plan our work for the year, and, as far as in us lies, bring our plans to a successful issue at the earliest possible date. It is interesting to observe that almost invariably the members of the present Board have been elected, either by acclamation or by big majorities. This should be proof enough that the members of the Board have the confidence of the ratepayers, and I am sure that none of us will betray that confidence, but by action and united effort each will endeavor to use his public spirit, his intelligence, and his energy, for the fulfilment of the work for which he was elected.

MANAGEMENT REPORT No. 1.

Thursday, January 16th, 1913.

To the Board of Education:

14. That an Open-air classroom be fitted up on the roof of Hester How School.

15. That the Property Committee be requested to consider the advisability of fitting up one room on the upper floor of each school erected in future for children who are below the normal physically, and in the four schools now under construction.

16. That Doctors M. A. Pollock and J. T. Phair be appointed to the regular staff of medical assistants, they having satisfactorily served the term of probation.

17. That protectors be placed on hot water or steam radiators to shield children near them from excessive heat in schools where recommended by the Chief Medical Inspector.

18. That some screening be placed on the hot air registers in rooms Nos. 1 and 5 in Duke Street School, and rooms Nos. 7 and 15 in Dufferin School.

19. That shower baths sufficient to accommodate 12 to 24 pupils at a time be placed in Sackville, Duke, George, Victoria, York, Ogden, Niagara, Crawford, Ryerson, McCaul, and Hester How Schools. This will mean from 6 to 12 sprays connected with hot and cold water, a specially made cement base, 15 by 8 feet to 24 feet by 8 feet, and from 10 to 12 inches below the general basement floor, and having a waste pipe to carry off the water. It will also mean the making of 12 to 24 separate dressing-places, about 3½ feet in width by 4 feet in depth, with seat, hooks to hang clothes on, and a receptacle for soap and towel, and that the Property Committee be requested to carry this into effect at the earliest possible time.

20. That it be an instruction to the Chief Medical Inspector that in recommending new assistants care should be taken to have at least one member in each ward, provided a suitable physician can be secured.

21. In favor of Dr. Noble's motion, that two First Book classes in Winchester Street School be organized on the part-day plan.

22. That Miss M. G. Sheppard, who retired from the staff of Ogden School in October, 1912, on account of ill health, be granted a retiring allowance of $225.00 per annum, to date from October 1st, 1912.

ADVISORY INDUSTRIAL REPORT No. 2.

Tuesday, January 28th, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz.: Messrs. Ellis, Dineen, Fairbairn, Hiltz, Mason, Noble, Richards, and Shaw, it was decided to recommend as follows:—

1. The Principal of the Technical High School, having reported that the Instructor in printing in that school will be in a position to do a large amount of printing for the Board of Education, if deemed desirable, such as Annual Reports, Monthly Reports, Public School forms, Hand Books, Domestic Science Cards, Identification Cards, Medical Inspection Cards, Technical School Forms, Technical School Deposit Slips, High School of Commerce Forms, Collegiate Institute Forms, and Calendars, which cost last year, approximately, $3,200.00, this would necessitate extra assistance at a cost of about $900.00, and material would cost approximately $600.00, your Committee recommends that the above printing be done by the Central Technical School Press; also any other printing that may be practicable.

2. That the following accounts be paid:

The Bell Telephone Co., telephone	$	16 00

FINANCE REPORT No. 5.

Monday, March 3rd, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz., Messrs. Brown, Hiltz, Hodgson, MacKay, and McTaggart, it was decided to recommend as follows:—

PART I.—HIGH SCHOOLS.

1. That the minimum salary of the Principals of Collegiate Institutes and High Schools be $2,500.00 per annum, to be increased at the rate of $100.00 per annum until the maximum of $3,200.00 is reached.

2. That there be three grades of assistant teachers, as follows:

(a) Graduates who are specialists at the head of a department;

(b) Graduates who are not at the head of a department;

(c) Those who are not graduates;

and that the maximum salary for these grades be $2,400.00, $2,200.00, and $2,000.00, respectively.

3. That the salary increases for assistants in all grades be $100.00 per annum, until the respective maximum salary is reached, as follows:

1st year	$1400 00
2nd year	1500 00
3rd year	1600 00
4th year	1700 00
5th year	1800 00
6th year	1900 00
7th year	2000 00
8th year	2100 00
9th year	2200 00
10th year	2300 00
11th year	2400 00

4. That the initial salaries for all regular assistants in the Collegiates and High Schools be:

For less than 2 years' High School experience	$1400 00
For 2, 3, or 4 years' High School experience	1500 00
For 5 or more years' High School experience	1600 00

Provided that no teacher receives more than $50.00 over schedule increase in one year except those whose salaries have not been adjusted, who will receive $100.00 more than schedule increase.

5. That in fixing the initial salaries the time allowance for experience other than that obtained as regular teachers in the High Schools and Collegiate Institutes of the Province, be one-half of that allowed for such High School experience.

6. That the teachers in the North Toronto High School, recently annexed to the city, be paid as follows:

Principal	$2200 00
Male Assistant	1500 00
Female Assistant	1400 00

7. That Mr. R. N. Shortill, Manual Training teacher in Oakwood High School, be paid at the rate of $1,700.00 per annum.

8. That Miss I. Sutherland, Domestic Science teacher in Oakwood High School, be paid at the rate of $1,000.00 per annum.

9. That the Senior Principal of High Schools be allowed $600.00 for additional services to be performed for this Board.

(No. 62)

PROPERTY REPORT No. 11.

Friday, June 13th, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz.: Messrs. Hodgson, Brown, Jackson, Hiltz, and Smith, it was decided to recommend as follows:—

PART I.—HIGH SCHOOLS.

1. That the tender of the Deisenroth Contracting Co., for cabinet work for Harbord Collegiate Institute, in accordance with specifications prepared in the Superintendent of Buildings Office, for the sum of one hundred and twenty-five dollars ($125.00), be accepted.

2. That the tender of Jas. Ivory, for tinsmith, stove, and furnace work, in accordance with specifications prepared in the Superintendent of Buildings Office, be accepted as follows:

Supplying and fixing in position new stove pipes, of 24-gauge charcoal iron, with damper, per length	40
Supplying and fixing in position new stove pipes, of 24-gauge charcoal iron, plain, per length	30
Additional price for rivetting pipes and fitting with bands, in sections of 6 lengths, per set	15
Supplying and fixing in position, new zinc, per square foot	07
Supplying and fixing in position, new stove rods, each..	08

Supplying and fixing in position, mica sheets (4½ x 5 inches), per sheet	05
Furnace smoke pipes, 13 inches diameter, per foot	23
Furnace smoke pipes, 17 inches diameter, per foot	27
Elbows for smoke pipes, 13 inches diameter, each	1 00
Elbows for smoke pipes, 17 inches diameter, each	1 10

3. That the tender of Hall & Dollery, for local telephone for Harbord Collegiate Institute, in accordance with plans and specifications prepared in the Superintendent of Buildings Office, for the sum of four hundred and eight dollars ($408.00), be accepted.

4. That the tender of the Shipway Iron Bell & Wire Mfg. Co., for iron stairs for Riverdale High School, in accordance with plans and specifications prepared in the Superintendent of Buildings Office, for the sum of $1,790.00, be accepted, the Canadian Ornamental Iron Company having withdrawn their tender for same.

5. That the tender of A. Strasberg, for old iron, for the sum of $13.15 per ton, be accepted.

6. That the tender of George J. Daniels, for sods for Jarvis Street Collegiate Institute and other High Schools at 10c. per yard, be accepted.

7. In reply to enquiry of Dr. Noble, your Committee begs to submit herewith report of the Superintendent of Buildings, as follows:

First-class asphalt pavement, with a guarantee of 5 years, would be $24.00 per square. Yard planking as now laid in our school grounds would be $12.00 per square. The asphalt pavement would deteriorate very much during the first 5 years in the absence of vehicular traffic, which seems to have a beneficial effect on its lasting qualities. After the first five years the cost of repairs to both kinds of pavement would be much the same for the next five years, after which renewal would be slightly in favor

of the asphalt on the basis of the present prices. I would, therefore consider the asphalt more expensive than planking, and not so suitable for our purposes.

Amended as follows:

1. By referring back Section 5 for further consideration.

2. By striking out the word "two" in the second line of Section 8 and inserting instead the word "three"; by striking out the words "one representative of the Board of Public School Inspectors" in the third and fourth lines and inserting instead the words "the Chief Inspector of Public Schools," and by inserting the words "and McTaggart" after the word "MacKay" in the seventh line.

Adopted by the Board as amended, October 2nd, 1913.

W. W. HILTZ,
Chairman.

(No. 87)

PROPERTY REPORT NO. 16.

Friday, September 26th, 1913.

To the Board of Education:

At a meeting of the above named Committee, held this day, the following members being present, viz., Messrs. Hodgson, Brown, Ellis, Hiltz, Jackson and Shaw, it was decided to recommend as follows:

PART I.—HIGH SCHOOLS.

1. That the Finance Committee be requested to transfer the sum of one thousand five hundred dollars ($1500.00) from the Repair Account to the Furniture Repair Account.

2. That Ms. Wm. Maguire be offered the sum of $500.00 for a strip of land immediately adjoining the North Toronto High School site on the west, the said strip of land having a length of 141 feet 5 inches by a width of 14 feet 3 inches at the north end and thirty feet eight inches at the south end.

3. That as the Ford car at present in use in connection with the Repair Department, has become in constant need of repairs, your Committee recommends that a new car be purchased and that the tender of the Ford Motor Co. to supply a new car full equipped, for the sum of six hundred and seventy-two dollars ($672.00) be accepted, and that the Finance Committee be requested to transfer a sufficient sum from the Repair Account for this purpose.

4. In reply to the communication from the Toronto District Labor Council, asking that Mr. Doughty be appointed Fair Wage Officer, your Committee begs to report that Mr. Doughty's duties are such that his time is fully occupied in the discharge of his present duties.

5. That the following accounts be paid:

16. Your Committee, in reply to the letter from the Builders' Exchange, begs herewith to submit the following facts:

(a) Four tenders were received for carpenter work, Howard School, that of Mr. E. R. French for $13,940.00 being the lowest, was recommended by the Property Committee to the Board for acceptance July 11th. At a special meeting of the Board held the same day the recommendation was adopted and immediately after the Board meeting Mr. French handed a letter to the Chairman of the Property Committee asking to withdraw his tender. The Chairman of the Committee immediately called his committee together and stated that Mr. French wished to withdraw his tender. In view of the fact that it would be necessary to have the carpenter work in connection with Howard School proceeded with at once, the committee decided to recommend to the Finance Committee that the next lowest tender be accepted, viz., that of Frank Armstrong, for the sum of $16,150.00. A special meeting of the Finance Committee was held on July 14th and the recommendation of the Property Committee in reference to this tender was approved, the Finance Committee having been empowered to award tenders during the vacation, and was reported to the Board September 4th, 1913. The deposit cheque was held for sometime and finally returned.

(b) Mr. Berridge submitted three tenders, two of which were accompanied by marked cheques, these two were considered and one of them was recommended to the Board for acceptance, the other tender containing no cheque was not considered, being informal.

Respectfully submitted,

W. W. HODGSON,
Chairman of Committee pro tem.

Amended as follows:

1. By referring Section 8 back for further consideration.

2. By striking out the name "J. R. Robinson" and the figures "1829.00" in sub-section (e) of Section 9 and inserting instead the name "Jas. Phinnemore" and the figures "2525.00."

Adopted by the Board as amended, October 2nd, 1913.

W. W. HILTZ,
Chairman.

ADVISORY INDUSTRIAL REPORT No. 16.

Tuesday, September 23rd, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz., Messrs. Ellis, Dineen, Fairbairn, Shaw, Brigden, Richards and Stevenson, it was decided to recommend as follows:

1. That the appointment of Mr. Seymour Collings as instructor in drill and gymnastics at the Central Technical School, be continued for the academic year 1913-1914.

.2. That the duty be paid on machinery purchased by the Board for the Technical School, which is now being held in the customs, under protest, and that representation be made to the Government asking for further consideration with a view to returning the amount of the duty, so that the school work for which the machinery is to be used be not further delayed.

3. That the offer of the Toronto Hydro-Electric System to supply the following for the sum of $99.95 be accepted:

200 lamps, 25 watt.
25 lamps, 60 watt.
15 lamps, 100 watt, frosted.
15 lamps, 100 watt, clear.

PART II.—PUBLIC SCHOOLS.

6. That the resignation of Mr. W. A. Beecroft, assistant master in McMurrich School, be accepted.

7. That the following teachers be granted leave of absence:—

(a) Miss E. E. Jamieson, teacher in Hughes School, for six months from October 7th, on account of illness.

(b) Miss E. A. Stephens, teacher in Alexander Muir School, until the end of November, on account of illness.

(c) Miss Nora Coleman, teacher in Givins Street School, further leave for the month of November, on account of illness.

(d) Miss Hazel B. Baggs, kindergarten assistant in Howard School, for the months of October and November, on account of illness.

8. That additional classes be opened as follows:—

(a) Palmerston Avenue—Two classes.

(b) Hughes—Two classes.

9. That the following teachers be transferred:—

(a) Miss M. M. Elliott, from Ryerson to Palmerston Avenue School.

(b) Mr. Walter Hobbs, from Howard to Western Avenue School.

10. That the following teachers be appointed to the temporary staff and assigned to the schools named:—

(a) Miss L. McDonald, holding a second-class certificate, to Dufferin School.

(b) Miss H. D. Banks, holding a first-class certificate and B.A. degree, to the ungraded class at George Street School.

(c) Miss P. Atkins, holding a second-class certificate, to Palmerston Avenue School.

(d) Miss M. Burkholder, holding a second-class certificate, to Carlton School.

(e) Miss M. I. Jamieson, holding a second-class certificate, to Hughes School.

(f) Miss D. C. Munro, holding a second-class certificate, to Duke of Connaught School.

(g) Mr. D. C. McLachlan, holding a first-class certificate, to Howard School.

11. That the following teachers be appointed to Hester How Night School staff:—

(a) Mr. C. W. Scott.

(b) Mr. J. C. McLellan.

(c) Mr. A. H. Elliott.

12. That pupils be allowed to attend the competitions in military drill and physical training for the Strathcona prizes, to be held on the afternoons of November 7th and 14th, without loss of certificate.

13. That two junior classes in Winchester Street School be put on the part time system, and that the class now in Rose Avenue School be placed in the vacant room thus obtained, and the Rose Avenue Art League be granted the use of the room in Rose Avenue School, and that the ground floor of the club house building in the Winchester School grounds be used as a play room for the pupils on the part time system.

14. That classes of boys and classes of girls be sent from Seaton Village Street and Park Schools to the St. David Street baths at such regular hours and days of the week, if satisfactory arrangements can be made.

15. That the piano presented to the Board by Ogden School, for use in that school, be accepted with thanks.

16. That the Forest School, having proved successful in restoring health and strength to anaemic, poorly-developed and ill-nourished school children, and perhaps even to a greater degree has proved a wonderful stimulus to mental awakening, an effort be made to secure a site for a forest school in the east, north-east, north and west, if possible near a permanent open air space, such as a city park, and that a small committee be appointed to wait on the Parks Committee of the Council, to see whether they could assist in this object.

17. In view of the fact that the Board has passed a regulation that all new schools and new extensions to schools should have an open-air classroom, your committee begs to draw attention to the desirability of having open-air classrooms in all schools.

18. Your committee approves of the part-time system inaugurated in a number of schools, and requests that the Chief Inspector report the number of schools where conditions are suitable for the application of such system, so that a general scheme for the city may be applied.

19. That a sufficient number of typewriters be rented for use in the Commercial class in Ryerson School.

20. That the tender of A. Clayton to frame seventy-one photographs used at the Buffalo exhibit of the fourth International Congress of School Hygiene, for use in the Medical Department, for the sum of forty-six dollars and forty-five cents ($46.45) be accepted.

21. That the tender of the Arthur Pequegnat Clock Co. to supply clock for the John Fisher School, for the sum of fourteen dollars and seventy-five cents ($14.75) be accepted.

22. That an additional typewriter (Remington) be purchased for the Chief Inspector's office.

23. Your Committee has considered section 25 of Management Report No. 14, referred back, that one of the physicians of the Medical Staff be appointed as special examiner, having in view more especially examination of the heart and lungs, and begs to renew the former recommendation.

24. Your Committee has considered sub-section (b) of section 17 of Management Report No. 16, that 3,000 copies of "Silas Marner" be purchased for supplementary reading for use in the Fourth Book classes, from the Wm. Briggs Co., at nine cents per copy, and reports against same.

25. That the Property Committee be requested to grant the request of the Central Neighborhood House to use the kindergarten room in Hester How School two nights a week for the purpose of holding lectures, and also the use of the two playrooms in the basement of the same school for the purpose of giving gymnastic instruction to the residents of the neighborhood, and that the Clerk of Supplies be requested to report the estimated cost of equipping the playrooms with dumb bells and Indian clubs for the use of the gymnastic classes.

26. Your Committee begs to report in reference to the dental work in Roden School and Lee School, that the inspectors report as follows:—

(a) Roden School, Inspector Bruce.—"It is rather soon yet to make comparisons. The effect on the general health of the pupils is obvious. So far, interest has been aroused in the children to take better care of their teeth. Dental work is very desirable in a school like Roden, owing to the population being mostly foreign. Their houses are small, the children do not realize the value or importance of taking proper care of the teeth, and the parents are, as a rule, not able to provide for dental work. The general effect on the appearance of the class and on their work, is good."

(b) Lee School, Inspector Armstrong.—"The girls are healthier and happier since its introduction, and hence better students. The attendance is very regular. The teachers are delighted with the service."

Respectfully submitted,

A. MACKAY,
Chairman of Committee.

Amended as follows:

1. By adding to section 13 the following words: "and that the Property Committee be requested to make the necessary arrangements."

2. By striking out section 24.

3. By adding the following section: "That Christmas music be procured for the schools at an approximate cost of forty dollars ($40.00)."

Adopted by the Board as amended, November 6th, 1913.

W. W. HILTZ,
Chairman.

No. 98.)

PROPERTY REPORT No. 18.

Friday, October 31st, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz., Messrs. Brown, Hodgson, Hiltz, Ellis and Jackson, it was decided to recommend as follows:

PART I.—HIGH SCHOOLS.

1. That the request of the principal of Parkdale Collegiate Institute that the vacant room in the school be fitted up as an art room, be granted.

2. Your Committee has considered the motion of Mr. Ellis, that in future all fresh air be brought into a school building through a duct at least sixteen feet from the grade, and recommends in favor of same with the words "eight feet" inserted instead of "sixteen feet."

3. That the tender of T. H. Hancock for lumber for fence, at Humberside Collegiate Institute, in accordance with specifications prepared in the Superintendent of Buildings' Department, for the sum of three hundred and ten dollars and eighty cents ($310.80), be accepted.

4. That the tender of James W. Paton for paint material as follows be accepted:

(a) 2 tons decorators' pure lead.....at $7.75 per 100 lbs.
(b) 2 barrels pure turpentine.....at 62 cents per gallon
(c) 1 barrel finest spruce ochre, dry.....at $1.50 per 100 lbs.

5. That the following accounts be paid:

Respectfully submitted,

W. W. HODGSON,
Chairman of Committee pro tem.

Amended as follows:

By referring back sub-section (c) of section 8 with instructions to ask for new tenders.

Adopted by the Board as amended, November 6th, 1913.

W. W. HILTZ,
Chairman.

(No. 99)

FINANCE REPORT No. 19.

Monday, November 3rd, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz., Messrs. Brown, Hiltz, and Hodgson, it was decided to recommend as follows:—

PART I.—HIGH SCHOOLS.

1. Management Report No. 17, Part I., in favor of Sections 3, 4, and 5. Property Report No. 18, Part I., in favor of Sections 1, 3, 4, and 5. Advisory Industrial Report No. 18, in favor of Sections 3, 4, 5, 7, 8, and 9.

2. That Miss L. H. Barr, of Malvern Avenue High School, be granted an addition of $50.00 to her salary for 1913, making her salary $1,700 for the year, such addition to be regarded as the final instalment of units of salary allowed for previous experience.

3. That the following accounts be paid:

Miss V. Pearson, services, Secretary-Treasurer's Office, September and October	$90 00
Postage for Offices	50 00
Guarantee bonds for clerks in Secretary-Treasurer's Office	20 00
Heighington & Co., late firm of F. E. Hodgins, Solicitors, balance due	100 00

4. Your Committee herewith submits a list of the amounts paid to November 1st, 1913, as per By-laws. (See Appendix A.)

PART II.—PUBLIC SCHOOLS.

5. Management Report No. 17, Part II., in favor of Sections 7, 8, 10, 11, 19, 20, 21, 22, 24, 25, and 27. Property Report No. 18, Part II., in favor of Sections 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15.

6. That the following named teachers, appointed September 4th, who began duty in the schools to which they were appointed on September 2nd, rank in January, 1914, as second-year teachers, viz.:

(a) Miss Ruth B. Benn, Pape Avenue School.

(b) Miss H. G. Ecclestone, Perth Avenue School.

7. Your Committee herewith submits a list of the amounts paid to November 1st, 1913, as per By-laws. (See Appendix A.)

Respectfully submitted,

C. A. B. BROWN,
Chairman of Committee.

Amended as follows:

By adding the following clause: "That the account of Dr. Struthers attending convention at Regina, amounting to $132.90, be paid."

Adopted by the Board as amended, November 6th, 1913.

W. W. HILTZ,
Chairman.

ADVISORY INDUSTRIAL REPORT No. 18.

Tuesday, October 28th, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day. the following members being present, viz., Messrs. Ellis, Dineen, Fairbairn, Hiltz, Mason, Noble, Richards, and Stevenson, it was decided to recommend as follows:

1. That the resignation of Mr. Wm. Glockling as a member of the Advisory Industrial Committee, be accepted.

2. That Mr. Fred Bancroft be appointed as a member of the Advisory Industrial Committee to fill the unexpired term of Mr. Wm. Glockling, resigned, in accordance with the recommendation of the Toronto District Labor Council.

3. That Mr. Roy S. Foley, B.A., at present assistant master in Jesse Ketchum School, be appointed assistant teacher of English and History in the Central Technical School, at an annual salary of $1,500, appointment to date from November 1st, 1913, if possible.

4. That Mr. Gustav Hahn, teacher of Art and Design, and Mr. J. T. Burt-Gerrans, teacher of Electroplating, be paid at the rate of $5.00 per night.

5. That the principal be authorized to employ Miss Muriel Powell, teacher of Domestic Science; Miss Evelyn Cole, teacher of Millinery, and Mr. T. R. Roberts, teacher of Art and Design, as occasional assistants in the Day School.

6. That the City Council be requested to have lights placed along the walk on the east side of the Central Technical School grounds, between College and Orde Streets.

7. That the tender of the Pease Heating Co., Ltd., for furnace for Technical School Annex, 70 Murray Street, in accordance with specifications prepared in the Superintendent of Buildings Department, for the sum of three hundred dollars ($300.00), be accepted.

8. That eight additional Singer sewing machines be purchased for the Technical Night School branches, four for Oakwood and four for Riverdale, at a cost of $188.00.

Chairman.

(No. 101.)

REPORT ON PART TIME SYSTEM.

To the Chairman and Members of the Board of Education:

Gentlemen,—I beg to submit the following report in conformity with the resolution of your Board October 2nd, calling for a report on

(a) The part time system.

(b) The advisability of continuing said classes.

(c) Any changes re the conducting of such classes; and

(d) The advisability of having playsheds in all school yards.

(a) The part time system has been tried since the beginning of May in Queen Victoria, Rose Avenue, Sackville Street and Dufferin Schools.

The accompanying Appendix I. gives a synopsis of the reports of the principals, while Appendix II. is a report from Inspector Rogers containing several interesting statements.

The experiences of inspectors, principals and teachers as gathered may be summed up as follows:

(1) The part time system improves the children physically, mentally and socially. The physical improvement is particularly stressed.

(2) It apparently does not impede their general progress in the leading subjects.

(3) It forms a suitable transition from kindergarten to senior first form.

(4) The opinions of teachers, principals and inspectors are generally favorable.

(5) Under some conditions the noise of the playing disturbs classes at work in the schools.

(b) While the evidence is not wholly conclusive as to the permanent value of the part time system, it is clearly in favor of continuing the experiment. A longer time is required to estimate comparatively and definitely the progress of pupils. Also the support of public opinion is necessary. In this respect the indications thus far appear to be quite favorable. But the experiment has been tried in only four schools and in only two of the five inspectorates. It is recommended that the inspectors be authorized to select three or four representative schools in each inspec-

torate for further testing the part time system. Some of the factors to be considered in selecting the schools are locality, number of Junior First Forms, congestion of attendance, condition of pupils, adaptability of the primary teachers and suitable accommodations.

(c) As to changes in the mode of conducting these classes, present experience suggests no fundamental alteration of general method. Thus far pupils have spent about two-thirds of the school time out-of-doors, but a considerable part of this time has been devoted to real school work. Under the most favorable conditions probably but half the pupils' time would be spent outside during the winter months.

(d) As to the advisability of having playsheds in all school yards, the following considerations are submitted:

If the part-time system is to be continued during the cold weather, carefully prepared playsheds will be a necessity.

If school work requiring the pupils to be comparatively stationary for even short lessons is to be carried on at intervals, in the playsheds, suitable accommodations for such work should be provided at one or both ends of the sheds. These accommodations should include a long table about three feet wide, with benches providing seating for ten or twelve pupils at each side. In such case provision should be made for keeping the benches, table and floor properly warmed.

If the necessary accommodations for the part time system cannot be provided for the winter months, the system should be resumed in the spring.

Playsheds should be provided for all the public schools as soon as practicable. Organized play is now recognized to be a valuable part of the school programme, particularly for junior classes. The present experience with the part time system, as also with the forest school, has afforded marked evidence of physical benefit to the pupils concerned. The continuity of the systematic provision for play in the programme of the schools is essential to securing the best results. This continuity cannot be guaranteed during severe or bad weather apart from suitable playsheds.

Your obedient servant,

R. H. COWLEY.

October 27th, 1913.

APPENDIX I.

Synopsis of reports from principals in whose schools the part time system has been tried.

The part time system was tried in the following schools:

Queen Victoria,
Rose Avenue,
Sackville Street,
Dufferin.

Queen Victoria—

Among pupils from part time classes promoted to Senior First there were fewer apathetic, indifferent children than in previous classes.

Tests in reading, writing and number work, given by the principal to a class now on part time, showed excellent results.

At first the noise of the children playing annoyed the other classes, but the principal was able to make changes which removed the trouble. It was necessary to take action in regard to the noise.

The teachers of the part time system are much in favor of it.

The principal thinks that First Book children should not attend school for ordinary class room work more than half the day. Whether their mothers or the teachers of the public schools should take care of them the rest of the school day is another question.

Rose Avenue—

The teachers who have tried the part time system say it is of decided advantage to the child in every way—both physically and mentally. The children improved in health, became more alert, learned how to play freely.

It bridges the gap between the freedom and play of the kindergarten and the discipline and methodical restraint of the Senior First class.

The noise of playing annoys the other classes.

Senior First teachers think the work of the Junior First grade cannot be covered.

The principal's opinion is that it should be tried where the playground is large enough to have playing at some distance from the school, and that on the whole the "all-day" system is better in the school.

Sackville Street—

Work of grade could be accomplished, under proper conditions, as well as by indoor plan.

Children are happier, healthier, and much more eager to work when they come into the class room.

There are great educative results from the organized and spontaneous play outdoors.

Teachers find the outdoor work much harder, but the indoor easier.

Present conditions prevent continuance in cold weather, as the child cannot work or play under extreme physical discomfort.

Large play-work shed needed—well lighted, heated and ventilated—and provided with equipment for manual training, music, etc.

Noise of children playing and lining slight annoyance to other classes.

Much in favor of continuance of part time system provided proper facilities are afforded.

Dufferin—

Principal reports that the children in the part time classes do well in their work.

There has been no annoyance to the other classes.

Is in favor of their continuance, provided a proper shelter is given, with necessary equipment.

APPENDIX II.

Report on Part Time System by Inspector Rogers.

This system was introduced into three schools about the first of May, and it was intended to try the plan in several localities so as to obtain a better idea as to the merits of having children spend a large part of the day in the open air as compared with the usual practice of study for five or six hours in the class room.

Let me say at the outset that I was not present at the meeting where the teachers were given instruction regarding the plan to be followed, and I can only speak of what has been done and the effects upon the children who have been working in these classes.

In the Queen Victoria School there were two primary classes taught by two teachers who were well adapted to conduct an experiment of the kind. They readily consented to try the plan, and it was agreed that both classes should share in the work.

The Plan.

Each class was divided into three divisions, a, b and c, for the purpose of grading the children, and for the performance of personal work. Each teacher spent half of each half-day in the classroom and taught one division of her own class. The other teacher was outdoors with the other two divisions as well as her own class. Thus each division spent about two half-hour periods, or one hour, indoors each day; the rest of the day was spent in the yard or in Exhibition Park or some open space where they could enjoy the benefits of good air and exercise and sport.

Indoor Exercises.

The work in the classroom consisted of reading, arithmetic, writing, as well as drawing and singing.

Out-Door Exercises.

The work in the open air consisted of play, directed by the teacher, new games as directed, or games devised by the children themselves; basket ball, skipping, running and jumping, and also regular races; digging in sand, tunnelling, ditching, making mountains and lakes, rivers and islands; physical exercises and marching; correlated reading, drawing, manual work, paper cutting and

paper folding, besides the hand work necessary to carry on the games and sports mentioned above; nature study, geography, arithmetic; making wreaths of flowers, clover, maple leaves, etc. No stilted time table was used out of doors, but the work or play changed naturally as occasion required.

Results.

Mrs. M. H. Kerr, one of the teachers in charge of the part time classes says:

"Two epidemics—chicken-pox and measles—had devastated our classes during the year; children at this time in poor health and backward in their work. Fresh air and play welcomed by all concerned including the mothers of the many who had been ill. Children in our classes being so small have little opportunity to play together at recess as they do not dare venture into the noisy throng of older ones, and spend their time in friendly corners or against the wall.

Strong children entered in and led in the games at once, whether organized by themselves or by the teacher. The timid ones followed shyly at first, but were soon as eager and bright as the rest and soon became leaders themselves, thus giving them a chance to feel that they could lead, if only in play, in games or in sand pile.

Educationally this method proved a success—the children kept in for work worked with vigor, knowing their time was short and play time near. Those sent in came with rosy cheeks, bright eyes and ready minds to take in their share—and soon every one was making progress. Attendance better till end of the term than usual.

Many individual cases could be cited, but I will mention only two—a boy—deaf, with running ears, frequently absent for long periods, pale and weak, became sunburnt and eager, and even his ears began to heal, the school doctor hardly knew him for the same child. Another boy, a poor weakling, backward and forgetful, only knew how to play by firing stones or bricks at somebody, then running away—learned to throw the basket-ball into the basket, played horse, built houses and castles in the sand, helped in all the games, and was altogether stronger in work and play at end of term."

Miss Dixon says:

"As a whole the class showed a decidedly healthier appearance at the end of June than at the end of April, when we first organized the system. Faces were tanned and rosy and the expression happier.

Individual Cases.

"(1) A boy, of a highly nervous temperament, showed marked improvement, which his parents attributed to the outdoor work.

"(2) An undersized child, and to all appearances an anaemic, lacking in energy to join in play, was at the end of the term ready to lead any game.

"(3) Another pupil, frequently absent through headache, became quite regular in attendance.

"Many more cases could be mentioned. We had fewer pupils absent through sickness and the attendance in June was phenomenal.

Educational Side.

"Children while in the room were much more attentive—always mentally alert—no time for brain fag. They seemed to absorb knowledge readily, being physically better fitted.

"The outdoor work opens an unlimited field for development. The strong, robust boy has a chance to put his strength into good healthy exercise, and he soon becomes a leader. The weaker child has here a chance to grow stronger, and it was a delight to see these timid little ones, as they gained in physical strength, take the initiative and organize games. Nowhere can character building be governed more than in the play hour. It is while a child is himself leading we see his strength and weakness, and many selfish little tricks are here shown and in time, we hope, eradicated.

"The companionship between teacher and pupil is increased tenfold in the playground and the opportunity for individual work in the classroom at least threefold."

I beg also to state that I consulted the teachers of the Senior First Book classes who have received these pupils this term into their classes and they are well satisfied with the results.

Mis M. L. Raines says:

"In comparing this class with those of former times I may say that the children seem brighter and more able to grasp the work. They seem to be more eager for work. I have practically no dull, listless pupils. As far as I can judge at present, I think the part-time system a success. I am quite sure that these children will be better fitted for promotion than those of former terms."

Miss McLellan says:

"This term my class is composed of pupils who have been promoted from Junior First classes which for a part of last term took outdoor play. I find the mental activities of the pupils of my class much more of an average than those of previous classes. This I consider due to better health from outdoor life and to the quickening of the mental faculties through the activities of the body. On the whole, I believe that I have received a brighter and more enthusiastic class from the primary rooms with outdoor play than I would have received had they come from rooms taught in the old way."

Let me add that my own observations confirm the opinions of the teachers of the primary classes who have been engaged in the actual work; that the teachers who receive the pupils thus trained further confirm the judgment, and I can only say that the plan has so thoroughly demonstrated the hopes of all who took an interest in its inception that every effort should be made to further test its merits by equipping these classes with means to carry on the work throughout the winter.

Let me therefore request that an immediate appeal be made to the Management Committee to fit up the building on Queen Victoria School grounds so that the work may be continued without interruption.

MANAGEMENT REPORT No. 18.

Thursday, November 13th, 1913.

To the Board of Education:

At a meeting of the above-named Committee, held this day, the following members being present, viz., Messrs. MacKay, Conboy, Dineen, Fairbairn, Hiltz, Hopkins, Jackson, Lewis and Noble, it was decided to recommend as follows:

PART I.—HIGH SCHOOLS.

1. That permission be granted to the Hospital for Sick Children to take up the annual collection from the pupils of the schools of the city in aid of that institution on Tuesday, December 2nd, 1913.

2. That it be an instruction to the principals of the high schools not to allow any collections other than those authorized by the Board to be taken up in the schools.

3. That all balances to the credit of the different appropriations under the control of the Management Committee be combined into one account.

4. Your committee reports that it granted the request of the National Live Stock, Horticultural and Dairy Show to allow the pupils of the schools who wished to attend the Show on Tuesday, November 18th, without loss of certificate, on condition that they brought a note from their parents stating that they had attended the Show.

15. That the appointment of occasional teachers to the temporary staff be made as follows:—

(a) The recommendations of the Inspectors shall be based on merit solely.
(b) Before recommending an appointment, the Inspector shall assure himself of the teacher's fitness by inspection and investigation of the teacher's work and record.
(c) To obviate failure of teachers appointed, and consequent serious detriment to pupils, opportunity shall be provided, whenever practicable, for testing the teacher's fitness by first placing such teacher temporarily in charge of the vacant class.
(d) Generally, in making recommendations, the Inspector shall take into consideration:—

(1) The teacher's personality and outlook.
(2) Successful service on the occasional staff.
(3) Approved experience elsewhere.
(4) Ability to teach all the subjects of the course.
(5) Professional and academic certificates.

16. That the resignation of Mrs. E. M. Feeney, school nurse, be accepted.

17. That the thanks of the Board of Education be tendered to Mr. H. P. Eckardt for the free use of Victoria Park as an Open-Air School during the past six months, and to Mr. R. J. Fleming, Manager of the Street Railway, for free transportation for the children to and from the school.

EDUCATIONAL PROGRESS COMMITTEE REPORT NO. 1.

Thursday, December 18th, 1913

To the Board of Education:

Your Committee begs to report as follows:

That, in the matter of the change of hours in the High Schools which has been referred to the Progress Committee for consideration, the Committee sought information from Cities in Canada and the United States as to the hours of instruction prevailing therein and has received replies to the following questions from nine Canadian Cities and thirteen cities in the United States:

1. During what hours of the day are your Secondary Schools in session? Please indicate intermissions.

2. How long has your present system been in force in your schools?

3. If you have had any other system, when and why did you change?

4. What objections, if any, have been made against your present System?

The replies show that in Canada the hours are generally the same as we have in Toronto, the exceptions being in Halifax, and in the Girls' High School and the Technical High School of Montreal. In the United States the shorter noon intermission, with an earlier hour for closing is the prevailing custom, the exceptions being in four of the five High Schools of Milwaukee and in three of the Technical High Schools of Chicago, which have been conducted since last September on a six-hour day programme, but with a noon intermission of only thirty minutes.

In Montreal the change was made some years ago to the shorter noon intermission in the Girls' and Technical High Schools and many years ago the one session system was tried in Ottawa but abandoned. A change has been made from the longer to the shorter noon intermission, that is, from a two session to a one session programme in the following five cities of the United States: St. Paul in 1883, Rochester and Indianapolis in 1903, Milwaukee in 1904 and Pittsburg in 1911.

The Systems now in force in the several cities are satisfactory except in Hamilton, where the question of a change to a shorter noon intermission is under consideration; in Halifax, where the four hour session—9 to 1—is considered too long; in Montreal, where the hours in the Girls' High School—9 to 2— are not sufficient for the work required; in Detroit, where the Superintendent would prefer the two session plan in order to have more effective supervision of study; in Providence, where they are considering a longer school day for supervised study in school; in Worcester, where the session—8.30 to 1—is too short; in St. Paul because the school plant is idle after 1 p.m.; in Milwaukee, because in the hour and a half for lunch too many pupils remain and eat in Cafeterie and are a nuisance about the school premises; and in Pittsburg, where the noon intermission—11.30 to 12—is too short for lunch, the objection being chiefly from the teachers.

Your Committee is not prepared to make any recommendation until the question is referred to the High School Principals to consider the educational and hygienic effects of the proposed change upon the pupils of the High Schools.

Respectfully submitted,

W. W. HILTZ,
Chairman of Committee.
